

Republic Bank (Grenada) Limited

CHAIRMAN'S STATEMENT

Dear Shareholder

The Bank recorded Net Profit after tax of \$4.07 million for the nine months ended June 30, 2017 an increase of \$1.64 million over the corresponding period last year. This improvement was primarily the result of a reduction in impairment expenses. Assets increased by 2.92% or \$25.5 million year-on-year, reflected entirely in Investments, and funded largely through deposits. The Bank's balance sheet remains strong which augers well for future growth.

The economy experienced another year of growth, with 3.9% recorded for 2016. According to the IMF, growth of 2.5% is projected for 2017. Based on the Bank's performance for the fiscal year to date, and barring any major downside events in the economy, we anticipate the Bank will achieve its targets for the year.
