UNAUDITED FINANCIAL STATEMENTS

NINE MONTHS ENDED JUNE 30, 2014

CHAIRMAN'S STATEMENT

Dear Shareholder

For the nine months ended June 30, 2014, the Bank recorded Net Profit after Tax of \$3.2 million compared to a Net Loss after Tax of \$11.5 million for the corresponding period last year.

This improvement in the Bank's performance arose because we did not have the following one-off expenses of the previous comparative year to date:

- An impairment expense of \$9.9 million for the Government of Grenada Bonds;
- Deferred tax adjustments of \$1.9 million.

In addition, Loan Loss Provision for this year is \$2.4 million less than last year.

We await the final terms and conditions of the Government's debt restructure proposal, which, when determined could negatively affect our final results for the year. The Bank's core operations remain profitable, with sound capital adequacy ratios and strong liquidity.

Ronald F. deC. Harford Chairman July 30, 2014

2 Basis of preparation

This interim financial report for the period ended June 30, 2014 has been prepared in accordance with IAS 34, 'Interim Financial Reporting' and should be used in conjunction with the annual financial statements for the year ended September 30, 2013.

3 Significant accounting policies

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the annual financial statements for the year ended September 30, 2013.

4 Prior period restatement

During the financial year ended September 30, 2013, the Bank undertook a comprehensive review of the elements attributed to its deferred tax assets and determined that the deferred tax assets arising on unearned loan origination fees and general provisions were overstated. This error was corrected retrospectively in the financial statements issued as at September 30, 2013. Consequently this restatement also has to be reflected in the comparative balances for the period ended June 30, 2014. As a result the deferred tax asset and retained earnings as at October 1, 2012 were reduced by \$1,800K.
